SALMAN ALHARBI

Decision Intelligence & Data Governance Specialist | Business & IT Advisory

+966 590197730 salman.alharbi.q@gmail.com Portfolio Riyadh/Jeddah linkedin

SUMMARY

Decision Intelligence and Data Governance Specialist (B.S. in Data Science, ABET Accreditation Representative) with proven expertise deploying Local LLMs, enterprise data automation, and applied AI across SERA, Tuwaiq Academy, and NCM. Expert in Saudi PDPL and NDMO compliance, compressing operational decision cycles, and translating complex technical architectures into strategic business ROI.

EXPERIENCE

Tuwaiq Academy (in partnership with MoE) **07/2026 08/2026**

Lead Technical Instructor • Jeddah, Saudi Arabia

- **Regional Cohort Leadership:** Directed high school tracks at Jeddah Gifted School hub, leading multi-gender cohorts and serving as primary executive liaison
- **Technical Translation & Mentorship:** Delivered university-grade AI (ML, Generative AI) and Cybersecurity modules, guiding applied IoT (Arduino) & VR (U
- **Executive Event Direction:** Orchestrated final grand technology exhibition and coached student presenters, earning formal commendations from senior aca

Saudi Electricity Regulatory Authority (via UNIVERSAL STEPS GROUP) **12/2025 06/2026**

Data Science Specialist Tamheer • Riyadh, Saudi Arabia

- **Big Data Pipeline Scalability:** Engineered an automated ETL ingestion pipeline harvesting 500K+ historical records in 15 minutes, scaling the framework
- **Decision Optimization & PDPL Compliance:** Compressed decision cycles from hours to <5 seconds using secure Local LLMs, maintaining 100% data resid
- **Executive Decision Intelligence:** Automated operational bottlenecks and analyzed sentiment across 5+ digital platforms for strategic executive risk manag

National Center of Meteorology (NCM) **06/2024 08/2024**

Data Engineer Intern • Jeddah, Saudi Arabia

- **Process Automation:** Architected automated Python ETL pipelines for weather data parsing, eliminating manual entry and reducing cycle time from hours to se
- **Data Integrity & DevOps:** Integrated Delta Lake for transactional data reliability and optimized SQL queries in DuckDB using Docker containers and Git versi
- **Team Productivity Impact:** Streamlined repetitive analytical workflows, enabling 15 team members to reallocate bandwidth toward high-priority meteorology a

EDUCATION

University of Jeddah **08/2020 01/2025**

Bachelor of Data Science • Jeddah

PROJECTS

Automated Insurance Decision Support System | Graduation Project **01/2024 01/2025**

- **Deep Learning Computer Vision:** Built YOLOv8 & EfficientNetB0 models achieving 81% detection, 93% damage severity, and 100% part identification across
- **Big Data Dataset Creation:** Processed 23,000+ vehicle images via OpenCV/Pandas, constructing a unified rule-based damage cost estimator.
- **Executive Web Deployment:** Deployed Streamlit web platform generating automated executive PDF reports to streamline insurance claim decision support.

Saudi Real Estate Investment Valuation Engine | Predictive Analytics **10/2023 11/2023**

- **Predictive Analytics Accuracy:** Built Random Forest ML regressor predicting Saudi land prices with 97.2% accuracy (R2 = 0.919).
- **Automated Feature Engineering:** Engineered end-to-end Machine Learning pipeline benchmarking 7 algorithms for optimal price valuation performance.
- **Market Decision Intelligence:** Identified critical geographic and demographic indicators driving strategic real estate land valuation.

SKILLS

Governance & Strategy:
Saudi PDPL, NDMO Frameworks, Data Governance, Data Sovereignty, Data Ethics, Regulatory Compliance, Data Privacy, Risk Mitigation.

Decision Intelligence:
ROI Analysis, Decision Support Systems, Process Optimization, Data Storytelling, Market Surveillance, Reputation Analytics, Strategic Alignment.

Technical & AI Stack:
Python, SQL, R, Local LLMs (Ollama, DeepSeek), YOLOv8, OpenCV, Delta Lake, Docker, Git, Streamlit, Pydantic, Power BI, Tableau, ETL Data Pipelines, Predictive Mo

Executive & Leadership:
Technical Translation, Stakeholder Management, Executive Presentation, Cohort Leadership, Problem Solving, Analytical Thinking.
